College Preferences

School Size: Larger School (>15,000)

Campus Type: No Preference

NCAA Classification: No Preference

Criteria for choosing a school:

I have been an "A" honor student since 4th grade. My studies are first priority as I get home from school but after that, if there is still sun, I am going to play or practice. As I have transitioned into higher grades, I've been able to maintain straight A's as well as being invited into advanced studies of Math and English. I was presented with the Principal's Award during a recent graduation ceremony.

I look forward to attending a university with a strong golf program as I decide my intended major.
